

## Union List Working Group Report for AGM 2009 Liz Garrity

Thank you to the members of the Union List Working Group, Catriona Denoon, Claire Leach, Denise Melville and John Scott for their hard work throughout the year.

Thank you also to Gordon Dunsire, Union List Database R&D Consultant, and to Dr Michael Wells, Union List Administrator, for their invaluable support. Gordon has performed numerous technical feats over the year, including merging 2 libraries' holdings together, which reduced the administrative burden enormously. Michael continues to administer the Shine number scheme, as well as managing the bank account.

Union List bank account – balance as at 27.2.09 = £27,745 (Table 1)

Shine numbers – amount of numbers issued over year = 3282; this is a slight rise compared with last year (Table 2)

The working group will soon be encouraging Shine members to make sure their journal entries are up-to-date, so expect to receive something from us soon about that.

The Union List Working Group is delighted to welcome any new members so do let us know if you are interested in coming to any of the meetings and perhaps joining the group - [unionlist@shinelib.org.uk](mailto:unionlist@shinelib.org.uk)
